Dear Homeschool Friend,

Thanks so much for your purchase. It is my prayer that these Notebooking pages bless your children and your homeschool.

For my family, notebooking has been an answer to prayer. While using Notebooking and Copywork pages my children have become better writers and have created so many beautiful notebooks that have become treasures to last a lifetime.

All of my Notebooking sets have been personally created by me for use in my own homeschool. These same pages are in my children's notebooks. I created them to be used with different aged children, so I have provided both regular and primary lined pages where possible.

Have fun using these pages, get creative with them. Add timelines, maps and illustrations. May these pages sincerely be a blessing to you as they have been to my family.

Blessings,

~Michelle Taylor~
