Dear Homeschool Friend,

Thanks so much for your purchase. It is my prayer that these Notebooking pages bless your children and your homeschool.

For my family, notebooking has been an answer to prayer. While using Notebooking and Copywork pages my children have become better writers and have created so many beautiful notebooks that have become treasures to last a lifetime.

All of my Notebooking sets have been personally created by me for use in my own homeschool. These same pages are in my children's notebooks. I created them to be used with different aged children, so I have provided both regular and primary lined pages where possible.

Have fun using these pages, get creative with them. Add timelines, maps and illustrations. May these pages sincerely be a blessing to you as they have been to my family.

Blessings,

~Michelle Taylor~

Dear friend,

I sincerely hope that these notebooking sheets bless you and your children. Just slip them into page protectors and put them in a 3 ring binder to create your Proverbs notebook. There are enough scriptures for you to use one for every week of the year. May I suggest that you use this as an opportunity to have your child memorize these scriptures. Have your child copy the Proverb on Monday, and then have them recite the Proverb every day for the rest of the week, until they can say it by heart.

There is a great system that you can use to help keep track of scriptures your children have learned. It has your child (and you) saying each new scripture daily, then every other day, then weekly, then monthly. My kids and I use this system and everyone is amazed at how many scriptures my children can quote. This system is FREE, you will just have to purchase some index cards, an index card box, and some index dividers.

You can go here and learn all about how to start using this system right away: <http://homeschoolnotebooking.com/charlotte-mason-subjects/bible-scriptures/>

Remember, it is our job as parents to make sure our children have the word of God stored in their hearts. May these Proverbs pages help you do just that.

Blessings to you and your family,
Michelle
