

# Vincent Van Gogh

Born: 1853

Died: 1890

Most Famous Paintings: Starry Night

Van Gogh was not a famous painter while he was alive, he only sold one of his paintings. He never smiled in any of his self portraits and was never happy. Vincent lived in Paris and after a few years he moved to Arles. When he moved to Arles he met another painter named Gauguin. Gauguin and Gogh always fought. Until one day they got in such a big argument that Gauguin left and went back to Paris. After this he cut off his ear. He shot himself and two days later he died. Van Gogh only lived to be 37 and he lived a very sad life. Vincent was only a painter
